### **I connect people with Christ and with His people**

“My music is not specifically worship music. Rather, I am a musician – one who takes the hope and love of Christ to others through music. As a licensed minister, through music, I connect people with Christ and with His people, I give them hope, help them forgive, help them remember why they fell in love with their spouse, help them see God’s greatness. My sole mission is to share the peace and comfort I have found in my faith and my walk with Christ, even when the road has not been smooth.”

**John Tracy**

“Some music looks straight up at the majesty of God. Some music invites Christ to sit down next to us, to live where we live. This is John Tracy – inviting the spirit of Christ to share a moment of our lives with us.”

“I love this guy’s voice.....it is so friendly and calm. The song, ‘Slow Down’ has a great beginning and I love the words....great song. There is something so calming about John’s voice.....so warm, as if he was your best friend. It’s almost spiritual.....no....it is spiritual because you will feel inspired and filled with love when you listen to this. Well done John.”
