To Whom It May Concern,

This is a letter of recommendation for John Tracy (John Tracy Wilson), who has performed twice at our congregation—once in concert and once at a dinner event.

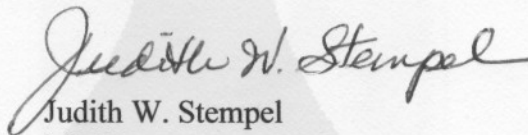

I highly recommend him as a songwriter and performer in any setting. His music is very appropriate in a church setting.

His music—described on his website as “not quite country, not quite folk”—is engaging and easy to listen to. His subject matter is drawn from life, and its authenticity resonates with the listener. His storytelling style picks up themes close to home, particularly his family and his faith journey.

For booking arrangements, Tracy and his wife, Teri, are a pleasure to work with. They are reliable and more than deliver what they promise.

I invite you to check out his website: www.johntracymusic.com
You may also feel free to call me if you have any questions.

Sincerely,
